Knock kneed Mama what you gonna cook tonight
Whatever you cook, just cook it right
Don't you think I know, mama don't think I know
(Break)

She's got a face like a washboard, mouth like a tub
Got to teach my mama that washboard rub
Don't you think I know, mama don't you think I know
(Break)

Long tailed monkey, short tailed dog
Do that dance they call falling off a log
Don't you think I know, mama don't you think I know

Now the monkey told the elephant you need not grunt
I know you're sad you got a tail in front
Don't you think I know, mama don't you think I know
(Break)

Monkey told the elephant when they were drinking wine
Bet you can't twist your tail like mine
Don't you think I know, mama don't you think I know
