

No Surrender - key - D (original key in F)

Intro -x2-:

[D]Ooohhh, [A]ooohhh, [G]ohhhhh

[D]Ooohhh, [A]ooohhh, [G]ohhhhh

Well we [D]busted out of class

Had to get a[A]way from those fools

We learned [G]more from a three minute record baby

Than we [D]ever learned in [A]school

Tonight I [D]hear the neighborhood drummer sound

I can [A]feel my heart begin to pound

You say you're [G]tired and you just want to close your eyes

And [D]follow your dreams [A]down

Well we [D]made a [A]promise we swore we'd [G]always rem[D]remember

No re[G]treat baby n[A]o surr[D]ender

Like [D]soldiers in the [A]winter's night with a [G]vow to def[D]defend

No re[G]treat baby n[A]o surr[D]ender

Well [D]now young faces grow sad and old

And [A]hearts of fire grow cold

We [G]swore blood brothers against the wind

Now I'm [D]ready to grow [A]young again

And [D]hear your sister's voice calling us home

A[A]Across the open yard

Well [G]maybe we can cut someplace of our own

With these [D]drums and these gui[A]guitars

Well we [D]made a [A]promise we swore we'd [G]always rem[D]remember
No re[G]treat baby n[A]o surr[D]ender
Blood [D]brothers in the [A]stormy night with a [G]vow to def[D]defend
No re[G]treat baby n[A]o surr[D]ender

[G]Lay lay lay lay lay lay lay, [A]lay lay lay lay [D]lay
[G]Lay lay lay lay lay lay lay, [D]lay lay lay lay l[A]lay 2x

Well now [D]on the streets tonight the lights grow dim
The [A]walls of my room are closing in
There's a [G]war outside still raging
You say it ain t [D]ours anymore to [A]win
I want to [D]sleep beneath peaceful skies
[A]In my lover's bed
With the [G]wide open country in my eyes
And these [D]romantic dreams in my [A]head

Because we [D]made a [A]promise we swore we'd [G]always rem[D]remember
No re[G]treat baby n[A]o surr[D]ender
Blood [D]brothers in the [A]stormy night with a [G]vow to def[D]defend
No re[G]treat baby n[A]o surr[D]ender
No re[G]treat baby n[A]o surr[D]ender
